

Want to have a positive impact on Children?

Do you want to be a part of a team that directly impacts the lives of over 90 children in our community? Is your love for children and their wellbeing the strongest force within you? Would you consider your greatest strengths to be patience and caring? If so – we want to meet you!

Sunny Days Children's Center is one of the fastest growing daycare centers in the Fredericton area. The center prides itself on its values of sincere love for children & their wellbeing, teamwork among childcare educators and a total commitment to education (for the children and each other).

Sunny Days Children's Center is looking for a **Full Time Early Childhood Educator** to care for children between ages 6 months and 12 years. Your contribution will be significant in the lives of your children and their families. With this position comes huge responsibility. Your impact quite literally will help shape the development of the children in your care.

Working in a childcare center is not for everyone. You have to have an enormous amount of patience, empathy, patience, love for children and even more patience. Working with active children, it does get messy at times. You must be willing to pull your weight when it comes to cleaning duties and performing the tasks that need to be done on a daily basis. You must have a passion for the children and be fully committed to their safe care and wellbeing.

The Sunny Days team is like a big family and for your hard work, the rewards are priceless. You will play a significant role and be a part of the children's lives as they learn to walk, talk, share, play, read, and hit milestones as they grow from young infants through to children. It truly is magical!

Education, Experience & Responsibilities

To be successful, you should have experience in childcare, healthcare or senior care. A certification in Early Childhood Education (ECE) is definitely an asset. You must be confident, a tactful communicator (specifically with children), organized and motivated to commit 100% to your children. This position is ideal for mothers with children in school. We even offer reduced childcare rates in our after-school program for moms working at Sunny Days.

Further Information & Application

Learn about Sunny Days at www.sunnydayschildrenscenter.ca . If you are a unique individual with that rare blend of having a loving, nurturing and patient personality, and want to make a positive impact on children in our community. We will be looking for your resume and a letter explaining why you feel you're most qualified for this position. We will then follow up with successful applicants with information regarding the next steps in the recruiting process.
