

Hi, my name is Melissa Springer. I have been married for 12 years and have two energetic pre-teens. Since I graduated in 2013, I have been teaching the three's class here at Sunny Days. I'm always looking forward to getting to know the next groups of children. I really enjoy working with children because of their fabulous sense of humour and honesty. I love watching children learn new skills and listening to them expressing their creative ideals during play. In my free time I enjoy scrapbooking, camping, travelling and decorating for special occasions.
