

My name is April Morehouse and I have been working at Sunny Days since July of 2010. I have worked with several children over the years and I also have children of my own. My sincere Love for children has encouraged me to get my Early Childhood Education diploma. Now I am the director of Sunny Days assisting Jenny in many ways as well as an afterschool educator.

It is exciting knowing that I get to come to Sunny Days everyday to work with children and I know in my heart that I am supposed to care for children. It is the most rewarding profession in the world. I am very thankful for being able to work with children and their wonderful families everyday.

I have been happily married for over 20 years with 2 teenage daughters and a large Saint Bernard at home. We keep busy being outside and spending time with our families in the Miramichi. I look forward to continuing on this exciting journey of caring for our communities children at Sunny Days.
