

Currently on maternity leave

Hi! My name is Jenna Rattray and I've been an infant educator here at Sunny Days for the last two and a half years. Before starting at Sunny days, I went to school for an Admin course. In the end, it didn't spark my interest as I thought it would. Since starting at Sunny Days, I know my true passion is child care and I would love to someday further my education in that field.

I was born and raised here in Fredericton, and will soon bring a beautiful baby girl of my own into the world.

Waking up everyday is easy because I get to come in and laugh, chat, teach and play with some of the cutest kids ever! Watching and helping these children grow is a passion of mine. I love this job.

When I'm not at Sunny days, I enjoy spending time with my family, relaxing at home with my animals, reading a good book and as of recently, enjoying the miracle of my little baby growing and preparing for her arrival.
