

Hello, my name is Angie Springer and I am from a small town in Ontario. I moved to New Brunswick in 2002 for post-secondary education.

I graduated from the University of New Brunswick with a Bachelor of Arts Degree (double major in Psychology & Sociology).

I met my husband at UNB and chose to remain in the province for that reason!

After many years of marriage we have an energetic household with two children, one dog and one cat.

My past experience is with special needs adults; it was my passion for five years before we were relocated to Woodstock, NB. While in Woodstock I opened a home daycare which operated for almost two years before we were relocated back to Fredericton.

I volunteer at Corbett Avenue Wesleyan Church in Children's Ministry and call this my home church.

I value high quality childcare and this is what brought me to Sunny Days.
