

Hello, My name is Lana Stewart. I was born here in Fredericton and have lived here my whole life.

I have always had a passion for working with children since a young age. I improved on my experience by babysitting family friends children and working at an elementary school. I graduated from the Early childhood education program at NBCC in June 2016. Since I have been graduated, I've been teaching in the two's classroom. I look forward to meeting many new families at Sunny Days. In my free time, I enjoy shopping, traveling, and being around friends and family.
